Cat Tran Shuttle Guide

How to Read the Shuttle Guide

The Cat Tran Shuttle Guide will help you get around campus quickly and easily.
1. Cat Tran shuttles operate 6:30 AM to 6:30 PM, Mon-Fri.
2. All Cat Tran routes are color-coded and include easily identifiable route names.
3. Refer to the map above to determine the route closest to your current location that also provides service to your destination.
4. Stops are indicated with a ★ symbol and a ○ symbol.
5. ● indicates a timed stop. This is the time when the shuttle will depart from that designated stop. Those times are listed in the route schedules on this page.
6. A ★ indicates a regular stop. Shuttles do not stop at regular stops unless someone is present wanting to board or a passenger wishes to get off at that stop. If you are waiting at a ★ stop, be sure to be in a visible location so the driver can see you.
7. To approximate the time the shuttle will arrive/depart from a ● stop, locate the nearest ○ stop on that route. Refer to the schedule for that stop listed on the reverse side and then estimate the time necessary to travel between those stops.

Cat Tran Service

1. Cat Tran on campus routes are free for students, faculty, staff and visitors.
2. To obtain additional Shuttle Guides contact Parking & Transportation Services at 626-PARK, on our website at www.parking.arizona.edu or stop by our office at 1117 E. Sixth Street.
3. There is no shuttle service on University Holidays.
4. Due to construction and unforeseen circumstances, temporary route changes and delays may occur.

GPS Tracking

GPS tracking information is available for the Cat Tran. GPS app will allow passengers the ability to track the shuttle and determine the estimated time of arrival, allowing for a more convenient and efficient form of transportation.

To download the free app, please go to www.arizona.transloc.com

General Guidelines

1. When boarding, please inform the driver of your destination.
2. No smoking or eating is allowed on the shuttle.
3. Animals are prohibited except for service animals.
4. Shuttles only stop at designated stops on the route.
5. Parking & Transportation Services drivers reserve the right to deny service, or ask a passenger to disembark, if a passenger engages in unsafe or disruptive behavior.
6. Personal items left on shuttles are turned over to UAPD.

Accessible Services

All shuttles are wheelchair accessible and are equipped with lifts to assist in boarding.
Shuttle drivers are required to assist with boarding/disembarking the shuttle and ensuring the passenger is appropriately secured.
If you need additional assistance, please let the shuttle driver know.

Free Service on Campus! No Fare Required!

1. Cat Tran is a free service on campus provided by Parking & Transportation Services. Off-campus routes may have a fee - call for more info.
2. Locate a stop on the map on the new GPS tracking app.
3. Wait for the shuttle to arrive.
4. Hop on board.
5. Tell the driver what stop on the route you need.
6. Enjoy the air-conditioned ride to your destination.
