Introduction

Parking at the University of Arizona campus is limited and in great demand. Parking and Transportation Services (PTS) at the University makes every effort to provide adequate parking. However, limited space, increasing enrollment and new facility construction often make parking a challenge for visitors, students and employees of the University. Parking rules exist to ensure an orderly campus environment and a fair allocation, and use of, available parking space. The rules are not intended to punish but to educate. Parking rules are regulatory and should be interpreted fairly. These rules should ensure parking is orderly, fair and convenient to all within the limits of the available space and facilities.

Article I. General Information

The University of Arizona Parking and Traffic Regulations are enforced year-round. This includes the summer. Additionally, regulations are enforced at times when classes are not in session. Permit requirements are waived on official University holidays and rules will be enforced the same as on a weekend day. Winter Recess and Spring Break are not considered University holidays. A valid parking permit or pass is required to park on the University of Arizona campus during restricted hours. Visitor parking areas are available at meters and in all parking garages.

The responsibility of finding a legal parking space rests with the vehicle operator. A parking permit does not guarantee a parking space. However, it does grant the privilege to park in one space in the designated area when parking is available. Inability to find a space does not constitute a license to violate these regulations. If a permit holder cannot find a parking space, he/she should contact PTS dispatch office at (520) 621-1108 for guidance. Use of emergency flashers does not excuse illegal parking or otherwise relieve the operator from compliance with these regulations.

The University of Arizona assumes no responsibility or liability for the care or protection of any vehicle or its contents while it is parked on University property. The University also assumes no responsibility or liability for the care or protection of any vehicle or its contents during its removal or subsequent storage resulting from violations of these regulations.

For the purposes of these regulations, any person doing business with the University or working within the University area (but not subject to the Board of Regents Conditions of Service or the University Classified Staff System) may be treated as affiliated with the University for parking purposes.

Anyone bringing a motorized vehicle to campus is responsible for obtaining, reading and complying with the current University of Arizona Motor Vehicle Parking and Traffic Regulations.

Section 1.01 Lost & Found

Items found on Cat Tran campus shuttle vehicles, garages and surface lots are taken to the University Police (520) 621-8273 during the next business day.
Article II. Authority

Arizona Revised Statute 15-1627, as amended, grants The University of Arizona the authority to adopt these Motor Vehicle Parking and Traffic Regulations for the control of vehicles on campus.

The Parking and Transportation Committee is responsible for reviewing and recommending parking and transportation policies and regulations. The administration of these policies and regulations is delegated to the Executive Director of PTS.

All violations occurring on campus streets may be subject to moving traffic violation citations issued by the University of Arizona Police Department under Title 28 of Arizona Revised Statutes.

If any portion of these regulations is declared unlawful or unconstitutional, the remaining portions shall remain in full force and effect.

Article III. Hours of Control

The hours of control for enforcement of parking areas on campus will vary with the type of area and its designated use. Signs at the lot entrance shall be considered accurate if there is a conflict with these regulations.

Section 3.01 Lot/Zone/Street Areas

Only permit holders are permitted to park in Lot/Zone/Street areas during the hours posted at the entrance(s) or on the street. The location permit must always be displayed.

General hours are 7 AM to 5 PM, Monday through Friday or 7 AM to 9 PM, depending on the area.

Section 3.02 Parking Garages

Only permit holders are authorized to park in garages after visitor hours. Assigned garage permits are valid 24 hours a day, 7 days a week and must always be displayed.

Weekday visitor paid parking is available in all garages from 5 AM to 2 AM. Weekend visitor paid parking is available at Second Street garage from 8 AM to 5 PM. All other garages are free unless there is a charged event.

Section 3.03 Metered Spaces

Most parking meter regulations are enforced from 7 AM to 5 PM, Monday through Friday. There are a few locations where regulation hours are different. All vehicles parking at a meter must pay during posted hours. Metered Spaces for these regulations include traditional meters, pay-by-space, pay-by-phone and pay-by-plate locations. Displaying a University parking permit does not exempt payment of a parking meter. Signage on individual meters will state the times of
enforcement. Parking meters that are reserved for disabled parking are restricted to vehicles displaying a disabled plate or placard 24 hours a day, 7 days a week. Meters that are covered or bagged indicate a special restriction. This restriction supersedes hours of enforcement. Vehicles are prohibited from parking at meters that are inoperable, malfunctioning, covered, bagged or out of order.

Section 3.04 Restricted Spaces

The following are examples of restricted and prohibited spaces. They are restricted for the designated purpose and require permits or have defined time limits. Most restricted spaces are enforced 24 hours a day, 7 days a week. However, specific hours of control are posted on each sign.

1. Disabled
2. Load/Unload
3. Service
4. Carpool
5. Zipcar
6. Discount Cab
7. Reserved
8. Department Reserved
9. UA State Vehicle Reserved
10. Oversized Vehicle
11. Fire lanes
12. Commercial

Section 3.05 Special Events

PTS has the authority to reserve parking lots and garages in part or whole for the purpose of allowing parking for special events. There may be special event fees charged to use these areas or they may be reserved for special event permits or ticket holders. Vehicles parked in violation may be subject to citation and in some cases, towed.

Section 3.06 Maintenance, Emergency, Special Access Needs

The University reserves the right to close any campus parking area at any time if it is deemed necessary for maintenance, safety or to meet other special access needs. Emergency personnel and emergency maintenance personnel performing duties may deviate from these regulations as required to conduct emergency activities prescribed by, or necessary to, the University. Personnel performing routine or scheduled maintenance must obtain prior approval from the Executive Director of PTS or designee prior to deviating from these regulations.
Article IV.  Parking Permits and Registration

Glossary of Terms:

**Legal space:** Designated by two white lines in paved lots. In unpaved lots, vehicles shall be parked perpendicular to the concrete wheel stop or bumper block.

**Radio Frequency Identification (RFID):** a device used to communicate with garage gate systems allowing entry and exit.

**Waitlist:** Placing yourself on a waitlist holds your place in line until a permit becomes available in your preferred location.

**Waitlist Letter (eBill):** When a permit is assigned, an eBill will be placed in the customer’s Letter History of the Parking Portal. The eBill outlines the permit location assignment, cost and deadline date to purchase. Customers will be notified via UA email address (@email.arizona.edu) to view eBill and follow purchase instructions.

Section 4.01 General Requirements

University faculty, staff, students and affiliates
a.    Verification of University of Arizona employment, student enrollment or affiliation  
b.    Payment of any outstanding citations  
c.    Payment of permit fee  

If nonaffiliated, and deemed eligible, an application is required.

Section 4.02 Permit Registration

University employees, students, and affiliated individuals currently holding permits may register for the upcoming permit year starting in late spring.

1. Early Assignment: University employees on payroll deduction with a permit in late spring, are guaranteed a permit for the following school year barring any program changes. Employees on payroll deduction are given the first opportunity to place themselves on a waitlist for a different parking location.

2. Priority Waitlist: Non-payroll employees, students, and other affiliates with a permit in late spring are guaranteed a permit for the following school year if payment is made by given deadline and barring any program changes. These customers may place themselves on a waitlist for a different parking location before open sales.

3. Open Sales: Starting in July, new permit holders may purchase available permits through the Parking Portal. During open sales, customers can place themselves on a waitlist for a different parking location.
4. Upon purchase, a permit will be issued and processed to be mailed out.

5. RFID unit must be returned upon termination of association with the University and/or non-renewal of garage permit. Failure to return the RFID will result in a fee assessed to the permit holder.

6. Change in Vehicle or License Plates: PTS shall be notified of any changes in address, ownership or license plate information on vehicles registered with the University. Failure to do so may result in permit holder being held responsible for subsequent citations and/or impoundment of vehicle. Further, it may result in the loss of parking privileges or loss of registration for future parking permits.

7. Permit Mailing & Email Address
   a. All permits will be mailed out. University employees and students must update their mailing address through UAcess. Allow one (1) business day for parking system to update.
   b. Email address: All PTS renewal and eBill communication is sent to official University email (@email.arizona.edu).
   c. All non-University customers must notify PTS of any address or email change within 10 business days of the change.

Section 4.03 Permit Types

When displayed, a permit allows the permit holder to park only in the area designated, unless posted signage directs otherwise. These permits do not guarantee a parking space, but the right to park when a legal space is available.

PTS reserves the right to adjust these conditions and may allow a vehicle an alternate method of displaying parking permits due to special circumstances. Pre-approval by the Executive Director of PTS is required for all exceptions.

How To Display Each Permit Type

**Hangtag:** Designed to hang from vehicle rearview mirror. The permit may be displayed face up on the driver’s side dash. It is the responsibility of the operator of the vehicle to ensure the permit number, type and expiration date (if applicable) are in full view and not obscured by window coverings or treatments. Remove permit before driving on street.

**Garage RFID Unit:** Designed to adhere to the interior lower left-hand corner (driver’s side) of the front windshield. The RFID must be affixed in such a manner that the permit sticker number is in full view and not obscured by any window coverings or treatments.

**Lot/Zone/Street Parking Repositionable Sticker:** Designed to be affixed to the interior lower left-hand corner (driver’s side) of the front windshield. The permit must be affixed in such a
manner that the permit number is in full view and not obscured by any window coverings or treatments. A sticker placed face down on the dashboard is not a valid display.

Motorcycles and Moped Plastic Sticker: The permit must be affixed on or near the rear fender by the license plate or on the right front fork of the motorcycle/moped. The permit number must always be in full view.

Glossary of Permit Types

1. **Garage Permit** (ex: Cherry Garage, Highland Garage)
   Permit allows the holder to park only in assigned garage 24/7. Permit does not allow access to surface parking or restricted permit spaces (ex: time limit spaces, reserved permit spaces, service vehicle spaces, etc.).

2. **Lot/Zone/Street Permit** (ex: Lot 6090, South of 6th Street, 1000 E 4th St)
   Permit allows the holder to park only in the area assigned during posted hours. Permit does not allow access to garage, meters, or restricted permit spaces (ex: time limit spaces, reserved permit spaces, service vehicle spaces, etc.).

3. **Service Permit: Contractor-Annual, Off-Campus Vendor and University Department Permit**
   Permit allows holder to park in designated Service Vehicle spaces while conducting official University business and is restricted to two hours. Permit does not allow access to park in garages, regular permit spaces in lots/zones/streets or parking meters.

   This permit may not be used by an employee, student or individual as a personal parking permit. If found in violation, the permit will be revoked indefinitely.

4. **Short Term Contractor Permit**
   Contractor permit must be approved by PTS prior to issuance. Permit allows short term parking in Service Spaces or approved location.

   This permit may not be used by an employee, student or individual as a personal parking permit. If found in violation, the permit will be revoked indefinitely.

5. **Department Reserved**
   Permit is restricted to patient or research affiliated parking and only for the duration of scheduled appointment. The UA department reserving the space(s) will manage reservations. Any other purpose must be approved by the Executive Director of PTS.

6. **Retiree Permit**
   Permit allows a retired employee to park in Zone 1 and South of 6th Street lots at no charge. Status in UAccess must reflect “Retiree.” Any other status for termination does not qualify for a permit. Parking privilege is for retiree only. Others attempting to park on campus using a retiree permit are subject to citation and impoundment.

   A retiree who returns to work at .50 FTE or greater must return the Retiree Permit to PTS and purchase a regular permit to park on campus.
Retiree holding a state disabled license plate or disabled placard may park in any disabled spaces located in lot/zone/street parking on campus and in Park Avenue, Tyndall Avenue, and Highland Avenue garages on a space-available basis. Disabled retirees must display their state disabled placard and the retiree permit when parking in a campus disabled space.

7. **UA Disabled Permit**

   Permit allows holder to park in Disabled spaces requiring a UA permit.

   In addition to possessing a Motor Vehicle Division (MVD) issued disabled plate/permit/placard (proof in your name required), employees and students must purchase a University of Arizona (UA) disabled parking permit.

   Disabled meter spaces require payment during posted hours.

   There are two levels of service available to disabled permit holders:
   
   Level 1 – allows parking in all lot/zone/street parking throughout campus in disabled spaces only.
   
   Level 2 – allows parking in all lot/zone/street parking and garages throughout campus in disabled spaces only.

7a. **UA Temporary Disabled Permit**

   There are two ways to obtain a UA temporary disabled permit:

   1. **MVD Temporary Placard**
      
      Bring in current UA permit and MVD temporary placard to PTS. A UA temporary disabled permit will be issued for the same duration as the MVD temporary placard. Non-UA permit holders will be charged according to permit period. To extend the permit period, a new MVD temporary placard must be brought into PTS.

   2. **Application for Temporary Disabled Permit**
      
      Individuals who do not have an MVD temporary placard must fill out an APPLICATION FOR TEMPORARY DISABLED PARKING PERMIT. The form must be completed by an authorized physician or by Campus Health Center. Bring in current UA Permit and Application to PTS. A UA disabled permit will be issued up to 6-months. Non-UA permit holders will be charged according to permit period. To extend the permit period, an individual must bring to PTS an MVD issued temporary placard. The UA temporary disabled permit will be extended for the same duration period.

   A metered disabled space requires payment.
8. **Summer Permit**
   Permit allows parking in designated locations after spring commencement. Permit cost is pro-rated based on annual permit price.

9. **Park and Ride Permit**
   Permit allows off-campus permit holders (Lots 9004, 9006, 9007 and 9008) to park their vehicle in specified lot and board the Cat Tran shuttle to ride into campus.
   
   - A boarding pass is required to ride the Cat Tran from a shuttle stop specified for permit holders. A pass is issued to the permit holder at time of purchase.
   - Customer is responsible for reviewing Cat Tran pick-up and drop-off times and can request a shuttle map and ride guide by contacting PTS-ParkingInformation@email.arizona.edu.

10. **Park and Ride Transit Permit**
    Permit is a combination of Lot Specific Permit (Lot 9010) and an Annual Transit U-Pass.

    Lot 9010 permit allows permit holder to park in specified lot and board a Sun Tran bus at Tohono Transit Center located on the northeast corner of Stone Avenue and Wetmore Road. Transit permits do not pro-rate and are non-refundable.

11. **Park and Walk Permit**
    Permit allows off-campus permit holder (Lot 9003) to park their vehicle in specified lot and walk to campus.

12. **Cat Tran Boarding Pass**
    Non-permit University affiliated employees/students may also ride the shuttle if they live within a defined corridor surrounding an off-campus lot. No online sales. Verification of address location required. Boarding pass is issued at time of purchase.

13. **President’s Club Permit**
    Permit is issued by the University Foundation. It allows the Presidents’ Club members to park on an occasional basis in Zone 1 lots, South of 6th lots, and parking garages on a space available basis. All meter spaces require payment during the times the meter regulations are enforced.

    President’s Club parking privileges are available only to President’s Club members and are not for personal use by students, employees or other family members. Employees or students who may be members of the President’s Club are still required to purchase a University of Arizona parking permit to park in University controlled lots on a regular basis.

14. **Press Permit**
    Permit allows occasional use by members of the news media only during official business. Permit is valid in surface lots, visitor pay lots, parking meters, or other prearranged locations. Permit is not valid in:
    
    a. Service, disabled, loading zones, no parking areas, or any reserved spaces
    b. During any event when parking is controlled (reserved or pay at entry)
Parking for media personnel during sporting events may be arranged through ICA. Media parking during other events may be coordinated through the PTS Visitor Program section.

Permit may not be used by an employee, student or individual as a personal parking permit. If found in violation, the Press Permit will be revoked indefinitely.

15. **UA State Permit**
Permit allows state vehicles to park overnight in a specified parking lot and gives access to service permit spaces during the day with a two-hour time restriction.

There are three levels of state vehicle permits:
- **Level 1** - Central campus—provides a parking space between Speedway and Sixth St.
- **Level 2** - South of Sixth/Zone 1—provides a parking space within the campus planning boundary north of Speedway or south of 6th St.
- **Level 3** - Off campus—provides a space at an off-campus parking lot.

### Section 4.04 Permit Rules & Regulations

The University will issue permits for designated areas of the campus. Individuals may purchase only one automobile permit. Any vehicle parked in lots designated for permit parking must always clearly display a current University parking permit for that area.

Parking permits must be removed from vehicles under the following conditions:
- When the owner’s association with the University is terminated.
- Expiration of the period for which the permit is issued.
- Change of vehicle ownership

**Term of Permit**
Permit is valid until the expiration date indicated on the permit or repositionable sticker. Expiration of RFID Hangtags for garages are contingent upon the employee’s continued payment method of payroll deduction. Upon payment change, a new permit must be purchased. Expiration date will be indicated on the permit or repositionable sticker. If permit holder does not renew a permit with an RFID unit, RFID units must be returned to PTS by no later than September 30th or be accessed a fee.

**Transfer of Permit**
Permit is permanently assigned to the purchaser and may not be transferred to another person. Liability for fines incurred are the responsibility of the permit holder.

**Replacement Permit**
Permit holder is responsible for the security of their permits, RFIDs and gate cards. Vehicles should always be locked, and windows rolled up all the way. Convertible and soft-top vehicle owners may request a sticker that affixes to the windshield or may have their permit encased in Plexiglas (for a fee) by PTS. The encased permit can be affixed to the steering wheel.
Lost/Stolen Permit/RFID

Lost or stolen permits are NOT replaced by Parking and Transportation Services free of charge. If the permit is stolen, a police report must be filed with the law enforcement agency in the jurisdiction of the theft. The police report case number must be attached to the PTS Lost/Stolen form. If the permit holder subsequently recovers the lost/stolen permit, it must be returned to PTS immediately. Failure to inform Parking and Transportation Services that the lost/stolen permit has been recovered or subsequent use of a reported lost/stolen permit will result in immediate impoundment of the vehicle displaying the permit. If the lost/stolen permit is recovered by the owner and used, the permit holder may be held responsible for all resulting citations and fines. Permits and RFID units that are lost in the mail must be reported as such within 30 days of mailing.

Sold or Traded Vehicles

The permit holder has the responsibility for removing permits prior to selling or trading a vehicle. Permit holder must contact PTS to update vehicle information to continue to use the permit. If the permit was not removed from the vehicle, a Lost/Stolen Permit form must be filed with PTS to purchase a replacement permit for a fee.

If the permit holder attempts to remove a repositionable permit but it is damaged in the process, the permit is deemed defective and will be replaced at no charge. If this occurs, the customer is required to bring to PTS all identifiable remnant pieces of the original permit to receive a replacement.

False Registration

Only PTS is authorized to sell parking permits. No person shall obtain, attempt to obtain or use an altered, stolen, lost, or counterfeit parking permit or a permit issued upon false information. Giving a false name, address, ID number, or other false information shall constitute false registration.

Violation of this provision may result in fines, impoundment, suspension or revocation of campus parking privileges. In addition, a referral to the Dean of Student’s Office or appropriate Dean, Director or Department Head may be made.

Revocation of Parking Privileges

Parking permits are the property of the University and may be recalled and parking privileges revoked by the Executive Director of PTS (or designee) when any of the following occur.

a. The circumstances under which the permit or gate card was issued changes or no longer exists
b. A permit or gate card is used by an unauthorized person or in an unauthorized manner
c. A parking permit application is falsified
d. A counterfeit, altered, lost/stolen permit or gate card is used
e. A driver disregards a verbal notice from a PTS employee not to park in or drive through designated areas
f. A check or draft is returned as uncollectable
g. The permit fee is unpaid
h. When the owner’s association with the University is terminated
i. Issuance of six or more citations within the current Permit year to any vehicle registered to a University of Arizona permit holder
j. Upon repeated violation of traffic regulations within campus parking structures

When parking privileges are revoked, no prorated refund will be made.

Payment Methods

Online Parking Portal Payment Options:
Credit/Debit Card, Employee Payroll Deduction Plan and Student Bursar Account

PTS Office Payment Options:
Cash, Check, Money Order, Credit/Debit Card, Employee Payroll Deduction Plan and Student Bursar Account

A service charge will be collected for insufficient funds. A payroll deduction plan is available for qualified University employees. Permit cost may be transferred to student bursar account for a $20 non-refundable fee. Fee waived if purchase is made online.

Garage Visitor Payment Options:
Cash, Credit/Debit Card or CatCa$h

Signage at entrance indicates if garage does not take cash and only accepts card type payments.

Pro-Ration Date for Permit

Pro-ration for permit purchase begins the first week of September.

Unallowable Expenditures FSO Policy 9.10

University funds cannot be used for University parking fees and permits for faculty, staff or administrators’ personal use.

Refunds

A permit that is no longer needed should be returned to PTS. Permits may be returned for a pro-rated refund through the first Friday in April. If the permit holder attempts to remove a repositionable permit but it becomes damaged in the process, the permit is deemed defective. If this occurs, the customer is required to bring to PTS all identifiable remnant pieces of the original permit to receive a refund. The balance of any fees and fines owed PTS will be deducted from any refund due. There is a processing fee for all refund requests.

No Refunds on Reserved Permits

There are no refunds on Reserved permits, except upon complete enrollment withdrawal and/or employment termination from The University of Arizona. A fee will
be withheld in all cases, to cover implementation costs. The refund will be the pro-rated price of the permit minus the fee for implementation.

Article V. Enforcement

Section 5.01 Knowledge of Rules

It is the responsibility of all individuals who bring a vehicle to campus to read and fully understand these regulations. This is without respect to whether the individual possesses a parking permit. Lack of knowledge of these regulations does not excuse violations and will not relieve the violator of responsibility for citations.

Section 5.02 Signage

*Signs located at the entrance to campus parking areas indicate the type of permit required, the hours of control and special regulations.* Vehicles must be parked ONLY where spaces have been designated and within a parking space. There may be conflicts among these regulations or map designations and on-site signs that specify parking instructions. In those instances, the on-site signs always take precedence. Where there are multiple restricted spaces together, these may be depicted by signs at the beginning and end of the restricted area. Drivers should be alert to both temporary and permanent signage displaying parking instructions, including meter bags or covers.

Section 5.03 Legal Parking Space

A legal parking space is designated by two white stall lines in paved areas, by concrete bumper blocks or wheel stops in unpaved lots (vehicles must be parked perpendicular to concrete bumper block or wheel stop), or by signs for parallel parking.

When vehicle tires are parked on white stall lines, it is the discretion of the Parking Service Officer to issue a citation for Over the Line violation when it prevents a driver or passenger in the adjacent vehicle from safely entering or exiting their parked vehicle.

Section 5.04 Responsibility of Citations

1. Permit holders shall be held responsible for citations that are issued to any vehicle displaying or registered to their permit without regard to who is operating the vehicle displaying the permit.

2. The registered owner or primary driver of any vehicle brought to the campus is responsible for any citations issued to the vehicle. It is the responsibility of the registered owner to notify PTS immediately if the vehicle is stolen or if it is sold to another party.

3. When it is determined that a University of Arizona employee or student has the same address
or last name as the registered owner of a vehicle with outstanding citations, a review will be performed to determine who is the responsible party.

Based upon the information obtained from the University of Arizona and the State Department of Motor Vehicles, the University of Arizona affiliated employee or student may be held responsible for those citations, rather than the registered owner.

4. Drivers of State/Federal vehicles are responsible for knowing and abiding by all federal, state, local and University motor vehicle and traffic regulations. Drivers of State/Federal vehicles will be held individually responsible for parking citations. Departments leasing or owning vehicles may also be held responsible if the individual driver responsible for a particular citation cannot be determined.

5. Citations received while conducting official business for a person’s department are the responsibility of the operator of the vehicle.

Section 5.05 Motorcycle and Moped Parking

Motorcycles, mopeds and motor driven cycles must park only in areas designated for motorcycles, except for metered parking spaces or areas pre-approved by the Executive Director of PTS. Where motorcycle spaces are individually marked, only one motorcycle is permitted per space. If there is more than one motorcycle parked in the space, all shall be cited. Motorcycles are prohibited from parking or operating in bicycle parking areas or in garages at all times, except for the dedicated motorcycle parking area located on the south side of the Main Gate garage and the west side of the Park Avenue and Sixth Street garages. Vehicles are always prohibited from parking in motorcycle parking spaces.

Section 5.06 Impoundment of Vehicles

When any vehicle is determined to be in violation of University Motor Vehicle Parking and Traffic Regulations, it is subject to citation, impoundment or immobilization, or any combination, at the owner’s expense. In addition, vehicles may be impounded or immobilized based on unpaid/past due citations. Motor vehicles will be released to the registered owner or their duly authorized agent only after all the following conditions are met:

1. All outstanding citations and impoundment fees are paid.
2. A picture I.D. is presented.
3. Parking permit is relinquished if requested by a PTS official.

During non-business hours, PTS will release vehicles only after all outstanding citations and a non-refundable administrative fee are paid.

Section 5.07 Liability

The University of Arizona assumes no responsibility for the care and protection of any vehicle or its content(s) any time the vehicle is on University-owned or leased property, or when the
Article VI. Parking Violations

Section 6.01 Permit Violations

1. Parking a vehicle in an area for authorized permit holders only without displaying a current University of Arizona parking permit for that area.

2. Displaying a permit that is no longer current and valid.

3. Failure to clearly display a current University of Arizona permit or displaying the permit in such a manner that parking personnel cannot read the permit type, expiration dates and permit number.

4. Parking in an area not specifically authorized by the permit being displayed.

Section 6.02 Parking in No Parking Areas

1. Parking a vehicle outside a legal space or parking in an area not authorized for parking, to include crosshatched area or red bumper block. Vehicles must be parked between two stall lines in paved areas or by signs authorizing parallel parking or by parking perpendicular to bumper blocks in unpaved lots.

2. Parking in an area not designated as a legal space(s) or signed as No Parking.

3. Parking in such a manner as to obstruct areas necessary for vehicular or pedestrian movement (e.g. thoroughfares, driveways, pedestrian walkways, or parking lot aisles).

4. Parking a vehicle on a marked bicycle path or in such a manner as to obstruct bicycle traffic.

5. Parking a vehicle on a landscaped area(s) (e.g. gravel, dirt or lawn).

6. Parking a vehicle in such a manner as to obstruct trash collection areas.

7. Parking in a building, on sidewalks, malls or other areas not specifically designated for parking.

Section 6.03 Parking at a Red Curb or in a Fire Lane

Motor vehicles are prohibited from parking alongside of, on top of or perpendicular to any red line/curb/hydrant or sign designating an area as emergency access even if the driver remains in the vehicle.

Section 6.04 Parking in or Blocking Access to a Space for the Disabled
1. Parking in a space designated for the disabled and failing to display a state issued plate/placard or appropriate UA Disabled permit without the proper University permit.

2. Blocking disabled access ramps or areas (designated by crosshatching).

Section 6.05 Parking Meter Violations

1. Parking at an expired meter.

2. Parking at an inoperable, malfunctioning or out of service parking meter.

3. Parking at a meter that has been reserved, covered or bagged to indicate a special restriction or designated as no parking.

Section 6.06 Parking Overtime Violations

Listed below are the time-restricted parking spaces located on campus. These are controlled 24/7. Parking over the allotted time is a violation.

1. 2-hour short term parking space

2. 2-hour Service Vehicle space

3. 20-minute zone space

4. 10-minute garage repark to pay cashier space

Section 6.07 Improper Parking

1. Parking a vehicle over the line, including occupying two spaces with one vehicle or parking in such a manner that prevents another vehicle from using an adjacent legal space.

2. Parking a vehicle in an Electric Vehicle Space. The following must be met to avoid an improper parking citation in the electric vehicle space:
   a. Must be an electric vehicle.
   b. The electric vehicle must be plugged in and utilizing the charging system.

   Electric vehicles parked in the space not utilizing the charging system will be subject to the issuance of an improper parking citation.

3. Parking in a Commercial/Government space without a Commercial or Government license plate.

4. Parking any personal vehicle in a Zip Car reserved parking space.
5. Parking in a space or area designated for special access. Violators may be subject to a fine and towed to a private towing yard or relocated to another University lot/zone at owner’s expense.

6. Parking in a Reserved space designated for departmental use or by a permit holder. Violators will be subject to a fine and towed or relocated at owner’s expense.

7. Parking in a Carpool parking area without a car pool permit.

8. Vehicle parking in a space designated as Motorcycle Only.

Section 6.08 Prohibited Parking

1. Parking a vehicle on a street against the direction of traffic flow or in an aisle in a parking garage or surface lot.

2. Parking an oversized vehicle/SUV, Truck or Van in a compact car space or a space designated for passenger cars only, so as to extend beyond the stall lines and/or create a safety hazard.

Section 6.09 Disregarding a Parking Control Device

Bypassing a parking control device such as a barricade, cone or parking sign that is used to prohibit or restrict access to an area. This includes entering a parking area other than by the established entry/driveway. Violators may be subject to a $400 fine.

Section 6.10 Parking Garage Violations

1. Parking a vehicle in any visitor parking garage during hours of operation without payment of daily fee.

2. Bypassing an access control gate at either the entrance or exit to avoid payment of daily parking fees is prohibited. Violators shall be subject to a $400 fine and the vehicle may be towed or immobilized.

3. Allowing your permit to be used by another vehicle, so more than one vehicle enters or exits the garage at a time is prohibited. Violators shall be subject to a $400 fine and the vehicle may be towed or immobilized.

4. Parking in a parking garage without a valid garage parking permit Monday-Friday from 2 AM to 5 AM.

5. Parking a vehicle over the line, including occupying two spaces with one vehicle or parking in such a manner that prevents another vehicle from using an adjacent legal space.

6. Driving the wrong way against the flow of traffic.
Section 6.11 Persistent Parking Violator

Is defined as someone who accumulates six or more (paid or unpaid) parking citations during the current permit year. Upon issuance of the sixth citation, the vehicle will be immobilized and/or impounded for each subsequent violation.

Section 6.12 Improper Application or Use of Parking Permits

Improper application of a permit is defined as using a permit for other than its authorized purpose. This includes, but not limited to:

1. Displaying or making use of an altered, stolen, lost, counterfeit or improperly transferred permit.

2. Using a permit or pass to which the user is not entitled; this includes a permit wrongly obtained by falsifying information or eligibility for use.

3. Falsifying a report regarding a lost or stolen permit.

4. Intentionally falsifying a permit application.

5. Use of a disabled parking permit by other than the registered owner of the permit.

Section 6.13 Other

1. Failure to follow an audible or visual signal from a PTS employee or any police officer.

2. Parking overnight on campus facilities for the purpose of habitation in the vehicle.

3. Use of campus property to repair vehicles.

4. Tampering with or removing any boot device placed on a vehicle.

5. “Abandoned vehicle” means a vehicle, motorcycle, trailer or semitrailer that is of a type subject to registration under ARS Title 28 whether lost, stolen, abandoned or otherwise unclaimed and that has been abandoned on a public highway, public property or elsewhere in this state, including private property. Evidence that a vehicle was left unattended for a period of forty-eight hours within the right-of-way of any highway, road, street or other public thoroughfare or for a period of seventy-two hours on public or private property or elsewhere in this state is prima facia evidence of abandonment.

Violation of the above rules will subject the violator to a monetary fine and/or vehicle impoundment (See section VIII for collection procedures and additional fees on unpaid accounts).

Any type of falsification or improper use of a University of Arizona parking permit or the issuance of six or more citations, whether paid or unpaid, within a fiscal year may be cause for
revocation or suspension of parking privileges for any affiliated individual. Attempting to park or allowing others to park in parking garages without payment and any failure to follow posted traffic patterns may result in the suspension or revocation of campus parking privileges. The Executive Director of PTS reserves the right to make the decision regarding suspension or revocation in these instances.

Article VII. Moving Violations

Section 7.01 Adherence to Required Traffic Control Devices

Unless otherwise directed by Parking & Transportation Service personnel or a police officer the driver of a vehicle shall obey the instructions of an official traffic control device applicable to the driver that is placed in accordance with University of Arizona policy and the rules and regulations of Parking & Transportation Services. The maximum speed in campus parking structures and lots is 15 MPH. There is a zero-tolerance policy for violation of moving regulations.

These traffic control devices include, but are not limited to:

1. Speed limit signs
2. Directional arrows on the ground surface or on signage
3. Directional restriction signs (No Left Turn, Right Turn Only, Do Not Enter)
4. Yield Signs
5. Stop Signs

Section 7.02 Reasonable and Prudent Speed

1. A person shall not drive a vehicle in a parking structure at a speed greater than is reasonable and prudent under the circumstances, conditions and actual and potential hazards then existing. A person shall control the speed of a vehicle as necessary to avoid colliding with any object, person, vehicle or other conveyance in compliance with legal requirements and the duty of all persons to exercise reasonable care for the protection of others.

2. The maximum speed provided in this section (15 MPH) is reduced to the speed that is reasonable and prudent under the conditions present and with due regard to the actual and potential hazards existing.

Section 7.03 Tailgating

The driver of a vehicle shall not tailgate out of any university garage. Tailgating is defined as following another vehicle out of the garage without payment or use of a valid permit. The driver or passenger of a vehicle shall not remove or disregard a control device to exit a garage,
bypassing a gate arm that is not functional. Violators will be subject to a $400 fine and immobilization.

Section 7.04 Driving the Wrong Way

The driver of a vehicle shall not drive the wrong way against the posted flow of traffic in any university garage. This presents a serious hazard with the potential of injury to yourself and others; consequently, these rules are strictly and consistently enforced with a zero-tolerance policy.

Violation of any Parking and Traffic regulations may subject the violator to a monetary fine, revocation of permit privileges, and/or vehicle impoundment (See Article X for collection procedures and additional fees on unpaid accounts).

Article VIII. Golf Carts and other Motorized Vehicles

Section 8.01 Definition

“Golf Carts and other Motorized Vehicles” include but are not limited to golf carts, service carts, motorized scooters, motorized bicycles, Segways, hoverboards, and similar vehicles.

Electric cars, hybrid vehicles, and any other alternative fueled vehicles are automobiles and all rules applicable to cars apply. These vehicles are not considered “Golf Cart and other Motorized Vehicles.”

Section 8.02 Operator Requirements

Valid driver’s license and review of regulations.

Section 8.03 Golf Carts

1. Required Equipment on golf carts

University owned Golf Carts:

a. Vehicle number and license plate
b. Emergency brake
c. Ignition shutoff
d. Head lights and tail lights
f. Mirrors
g. Seat belts
h. University of Arizona Safe Driving Sticker
i. Vehicle number assigned by Motor Pool
Non-University owned Golf Carts:

All golf carts not owned by the University of Arizona operated on campus must be street legal.

2. Golf Cart Parking

University Golf Carts:

a. Must park in designated Service or Golf Cart parking areas.
b. May park in areas designated for carts north of the Administration Building.
c. Shall not block fire hydrants, fire department connections or obstruct fire lanes.
d. Shall not park on sidewalks, disabled paths or block curb cuts.
e. Shall not be attached to bicycle racks or parked in a manner blocking access to bicycle parking.

Non-University Golf Cart Parking

Must display a parking permit issued from PTS and park in a legal space in that designated parking area.

Section 8.04 Operation of Golf Carts and Other Motorized Vehicles

1. Shall observe all motor vehicle traffic laws (speed limit, stop signs, one-way streets, etc.).
2. Shall not be operated in such a manner as to endanger passengers, campus community, or property.
3. May not be driven in areas that are restricted by signage.
4. Golf carts may not be driven on Speedway, Campbell, Sixth or Euclid, but may cross these streets at an intersection controlled by a traffic signal light.
5. Must reduce speed when driven in areas of high pedestrian usage.
6. Operators and passengers must always wear seatbelts.
7. Shall not exceed the manufacturer’s rated load limit for the vehicle.

Bike lane usage:

1. Golf Carts may be driven in campus bike lanes.
2. Golf Carts must be driven in the roadway, as any other vehicle, when using any through-way or street (as defined in the Arizona Revised Statutes).
3. Other motorized vehicles, except those prohibited by Arizona or Tucson City Statute may use bike routes.

4. A motorized or electric bicycle utilizing any UA Campus bike lane/path/route or Campus street may not exceed 20 mph. In addition, motorized/electric bicycles shall comply with the rules/regulations/restrictions required of pedal power/electric bicycles as defined in the UA Parking and Transportation “Bicycle (And Non-Motorized Transportation) Parking and Traffic Regulations.”

Section 8.05 Motorized/Electric Bicycles

1. Definition: Motorized/Electric Bicycles shall be construed to mean any motorized, gas powered bicycle or tricycle that is equipped with a helper motor that has a maximum piston displacement of 48 cubic centimeters or less, or an electric motor of less than 750 watts (1hp), that may also be self-propelled and that is operated at speeds of less than 20 mph. A motorized bicycle that does not have pedal-assisted power shall be considered a Motor Driven Cycle.

2. A motorized/electric bicycle shall adhere to all the regulations as set forth herein while being operated on the UA Campus.

3. A motorized/electric bicycle utilizing any UA Campus bike lane/path/route or any Campus street may not exceed 20 mph. In addition to the above restrictions, motorized bicycles shall comply with the rules/regulations/restrictions of pedal power/electric bicycles as defined in the UA Parking and Transportation “Bicycle (And Non-Motorized Transportation) Parking and Traffic Regulations.”

Section 8.06 Mopeds

1. The operator must be licensed (Class D) and the vehicle registered and insured.

2. For the purpose of these regulations mopeds are considered Motor Driven Cycles and subject to Section 5.05).

Section 8.07 Other Non-Pedestrian Devices

“Non-pedestrian devices” include:
- Roller and inline skates
- Scooters (electric and non-electric)
- Segway® personal mobility devices or transporters
- Skateboards
- Hoverboards (a self-balancing two-wheeled board)

1. The above listed non-pedestrian devices (except electric scooters) can be ridden on sidewalks. However, all other rules that apply to bicycles shall apply to these non-pedestrian devices, as well. Any person legally defined as disabled and utilizing a non-pedestrian device
as their means of transportation is exempt from any bicycle regulation that would be in violation of ADA accessibility requirements/use.

2. A non-pedestrian device used as a disabled vehicle must be registered through Parking and Transportation Services and receive a disability symbol/permit to attach to their non-pedestrian device indicating that it is authorized for use on the UA Campus as such.

3. Electric scooters (excluding handicap scooters) are prohibited on the University of Arizona campus. Such may not be operated on the campus nor brought into any campus building.

Article IX. Citations, Appeals, and Diversion

Section 9.01 Payment of Citation

Payments for outstanding citations may be made at the PTS Office, via our web site http://parking.arizona.edu or by mail at 1117 E. Sixth St, Tucson, AZ 85721. Students with citations charged to their UAccess student account need to make payments at either PTS or at the Bursar’s Office. Citations that are subject to late fees cannot be appealed. Payment of citation waives the right to appeal and payment of a citation while under appeal voids the appeal.

Section 9.02 Unpaid Citations

Citations unpaid after fourteen (14) calendar days from the date issued are considered delinquent and subject to a $20.00 late charge, in addition to the fine. Vehicles are subject to impoundment, at the owner’s expense, for three (3) or more unpaid citations even if they are legally parked at the time (See Section X for collection procedures and additional fees on unpaid accounts).

Section 9.03 Appeals and Hearing

APPEALS NOT RECEIVED BY THE DEADLINE WILL RESULT IN LOSS OF THE RIGHT TO APPEAL.

1. A person who receives a University parking citation may appeal the citation via our website at parking.arizona.edu and logon to the parking portal. Appeals may also be submitted in writing by mailing to the PTS Office. The appeal must be received within fourteen (14) calendar days after issuance of a citation, exclusive of the day of issuance.

Tow fees, relocation & boot fees are not appealable and must be paid prior to the release of the vehicle. The following are generally not considered valid as a basis for appeal by PTS as a reason to dismiss or modify a citation:

a. Lack of knowledge in the Motor Vehicle or Non-Motorized Rules and Regulations
b. Only parked improperly for a short period of time
c. Only parked improperly with hazard lights
d. Late to class or appointment  
e. No other place to park  
f. A note of explanation was left on the windshield  
g. Other vehicles were parked improperly  
h. Failure of parking officer to ticket previously for similar offenses  
a. Inability to pay the amount of the fine  
j. Citation not written for others in same or similar situation

2. A second level hearing is an opportunity to discuss your appeal in person with an Appeals Officer. If your first level adjudication was denied and you have information not yet disclosed and wish to present it at a second-level hearing, contact our office at (520) 626-7275 no later than the due date listed in your first level adjudication email to schedule an appointment. An appeals retainer in the amount of the citation is required when scheduling. The retainer may not be paid by Payroll Deduction or Bursar. Failure to request a second-level review by the listed due date waives the right to any further review of the citation. If the second level appeal is denied, the retainer will be applied as payment for the citation. If your first level adjudication is overturned, you will be issued a refund of your retainer amount.

3. An unfavorable decision from the Appeals Officer may be appealed to the Parking Hearing Board. The Board is comprised of University employees and student representatives that do not work for PTS. The Board is an independent and impartial body charged with providing a fair hearing on appeals.

   a. The hearing request must be made within fourteen (14) calendar days after the unfavorable decision by the Appeals Officer. Requests for a hearing should be made to the PTS Administrative Office at (520) 621-3550.
   
   b. A person who requests a hearing before the Board may request that the citing officer attend the hearing for purposes of examination. Failure of the appellant to appear during any of these proceedings where an appearance is requested or required will result in a waiver of any further appeals and the forfeiture of the retainer.

4. Late appeals: requests for late appeals submitted after the 14 calendar days from the issues of the citation.

   a. These will only be accepted if the customer provides extenuating circumstances that prevented the submission of the appeal within the 14-day time frame.

Section 9.04 Judicial Review

Any person who has received a final ruling from The University of Arizona Parking Hearing Board may have that ruling reviewed by the Superior Court of Pima County in accordance with the provisions of the Administrative Review Act, Title 12, Chapter 7, Article 6, Arizona Revised Statutes. As provided by that act, the appellant must file the complaint within 35 calendar days.
of the Parking Hearing Board’s decision. There is a filing fee assessed by the court system for this process.

Section 9.05 Diversion Program

1. A person who receives a University parking citation may have the option to participate in our Diversion Program. This program allows you to either reduce or eliminate the fee associated with a parking citation. The program is an online, self-paced multiple-choice test. On average, it will take approximately 2-3 hours to complete.

   a. Only one request to participate in Diversion per permit year will be granted, and the request must be made within fourteen (14) calendar days from the date the citation was issued.

   b. Opting for the Diversion Program waives the right to appeal the violation regardless of outcome.

   c. Paying for the citation while participating in the Diversion Program will void test results and future opportunity to participate in the program within the permit year.

2. To enroll in the Diversion Program, visit our web page at parking.arizona.edu. We will process your request in the order received. A member of the PTS staff will review your request ensure eligibility and then email you with further instructions within 1-2 weeks.

Article X. Resolution of Unpaid Accounts and Returned Checks

Section 10.01 Unpaid Parking Account and Returned Checks

If a person has a past due debt and/or outstanding returned checks at the University, the following billing and collection actions may be taken if applicable:

1. Impoundment of vehicle
2. Encumbrance of student records, transcripts and diplomas
3. Cancellation of class enrollment
4. Collection by payroll deduction
5. Referral to the Dean of Students for disciplinary action
6. A report of non-payment may be sent to the appropriate Dean's, Department Head's or Director's Office for appropriate action
7. Collection by State of Arizona Debt Set-Off Program
8. Referral to a collection agency and reported to a credit bureau

No specific order or priority of the foregoing actions is implied or required. If you fail to pay on time and The University of Arizona PTS Department refers your account(s) to a third party for collection, a collection fee of up to 33.3% or the maximum allowable by law, whichever is lower, will be assessed and will be due and owing at the time of the referral to the third party.
Under Arizona law there is no statute of limitations on unpaid parking citations. Therefore, citations remaining unpaid shall be subject to collection, regardless of the date of the citation.

Current students will be billed automatically to their UAccess Student Account for any outstanding parking citations. Employees will be notified by mail or through the University email system. All other billing notices will be sent to the last known address listed with PTS. It is the student’s, employee’s, or other University of Arizona affiliate’s responsibility to notify PTS of a change in address. You may notify us via email at PTS-ParkingInformation@email.arizona.edu.

Section 10.02 Insufficient Funds for Garage Exit

If a customer is unable to pay for their exit at a garage; they may defer payment and request an "IOU" from a Parking Service Officer. An “IOU” is a non-violation citation in the amount of a full day rate in a garage when the customer is unable to pay for parking. Customers have 14 calendar days to pay the IOU via their Parking Account Portal, under the Citation section. These are subject to a late fee if not paid within 14 calendar days.

To request an IOU, call Dispatch at (520) 621-1108 or go to a garage cashier booth if staffed by an attendant.
